

## MS Dynamics NAV Developer, Middelfart

### Job description

In this role, you have the opportunity of being a central part of Bunker Holding Group's new and exciting ERP journey and an instrumental part of implementing NAV 2018, both in the business as well as our system landscape.

You will be working in a team consisting of 2 NAV consultants and 2 CRM consultants, and you will be reporting to our Application & ERP Manager. In addition to the team, you will be working with external NAV consultants to complete the tasks at hand.

### Primary responsibilities:

- Active participation in NAV 2018 implementation project
- Development of Functional and Technical Requirements in NAV ensuring high quality in the process
- Co-drive initiatives on overall architecture, design and future roadmap of NAV
- Shared responsibility of VSTS Team area and agile process
- 3rd line support

### Requirements:

- 5+ years of experience with Dynamics NAV
- Expert skills in C/AL programming language
- Dynamics NAV Implementations experience
- Strong technical background
- Experience with Microsoft SQL Server
- Understand agile development methods and preferably have working knowledge of same.

### About you:

The ideal candidate will possess excellent organisational skills, attention to quality, self-motivation, and a desire to succeed, as well as a professional presence suitable for direct user interaction. As a person, you are thorough, follow through, have an eye for detail and not least a very structured approach to tasks. You are comfortable working both as part of a team and as an individual. You have good situational awareness and can make the right decision at the right time.

Some travel activity will occur.

Please apply by uploading your cover letter and resume. Please note that applications will be reviewed continuously, and interviews will be planned as soon as suitable candidates are identified.

If you have any questions regarding this position, please contact Application & ERP Manager, Troels Højmark Fedder Dietz on +45 88 38 21 30.

### Join Bunker Holding – World leaders in bunker trading

Bunker Holding is the parent company of a group of enterprises specialised in the acquisition, sale and delivery of fuel, lubricating oils for ships as well as risk management and other similar services. Bunker Holding is a solid and healthy Danish company that is rich in traditions while still being a progressive global organisation with 43 offices in 27 countries world-wide. The headquarter is situated in Middelfart and the company has an annual turnover in the billions of USD.
