

GENERAL MANAGER DRY BULK CHARTERING

Celsius Shipping offers an attractive position as Head of Dry Chartering to commercially front our Bulk Carrier activities towards customers and business partners. The Celsius dry fleet currently counts 16 modern Ultramax vessels including 2 new buildings for delivery this year as well as one handy size bulker.

Celsius Shipping is the fastest growing Danish Shipping Company focusing on timely special situation opportunities and assets in dedicated shipping segments. Celsius has delivered industry strong growth with more than 30 vessels acquired over the past 30 months. Continued growth is expected.

In partnership with blue chip investors, Celsius Shipping has built a presence within Chemical Tankers, Product Tankers, Dry Bulk, Container Feeders and recently also within LNG Carriers.

We seek a dedicated, energized and serious bulk manager with all round dry experience preferably also within vessels operations.

We trust our new colleague has great attention to detail, is super-efficient, has good team spirit and good social skills, take charge, is a self-starter and has a strong desire to be part of a growing and dynamic team with constant aspirations for doing more.

Key responsibilities

- Employment of the fleet.
- Commercial strategies
- Growth opportunities
- Developing new customers

Required:

- Min 5 years' experience within Bulk Chartering or Owning side.
- Background from vessels operations (1-2 years)
- Fluency in Scandinavian and English language

You are likely an experienced Chartering Manager or a less experienced dry chartering manager with high potential to grow in the position.

If you are interested to pursue a career in one of the most dynamic Danish Shipping Companies do not hesitate to contact us for further information or just send your application including CV and contact details.

When:

Preferably soonest possible but we will wait for the right person.

Application to be forwarded to jj@celsiusshipping.com no later than 21 March 2019.

For further information, please contact Jeppe Jensen +45 45950001.
