#### **BIOTEC Line Eraser** *(If your concerns are lines and wrinkles)*

Wrinkles are targeted with firming and toning micro-current pulses to stimulate the skin cells towards dynamic functionality. Circulation is improved, increasing the production of collagen and elastin, whilst the dermis is flooded with super-hyaluronic hydrating activators. Red and blue light therapy warms and de-stresses the skin whilst a blast of oxygen delivers a breath of fresh air, effectively ironing out wrinkles and filling in lines. A powerfully rejuvenating facial treatment.

---

#### **BIOTEC Firm-a-Lift** *(If your concerns are sagging jowls and jawlines)*

Rediscover the architecture of your face with this ground-breaking blend of massage and sculpting technology. Circulation stimulating stem cells and Alaria Esculenta seaweed are activated by micro-current pulses to tighten slackening skin. Galvanic currents infuse the skin with bio-active formulas that hydrate and tone. The extra-cellular matrix of the skin is visibly strengthened, restoring elasticity and tenacity for a contoured complexion that is remarkably lifted.

---

#### **BIOTEC Skin Resurfacer** *(If your concerns are uneven skin tone)*

This revolutionary resurfacing facial addresses skin tone, blemishes and fine lines to transform the texture of the skin. The ultrasonic peel reveals a noticeably smoother complexion. Skin is deeply cleansed and detoxified before massage and light therapy restores equilibrium. Wrinkles and fine lines are reduced to leave a complexion that has never been softer or smoother.

*(Not suitable in conjunction with the use of heat facilities such as sauna, steam room and hot tub or facial waxing.)*

---

#### **BIOTEC Radiance Renew** *(If your concerns are to brighten dull skin)*

A powerful antidote for dull and tired skin, this cellular-boosting treatment targets sluggish complexions. The ultrasonic peel pumps vibrational energy into the skin to exfoliate and stimulate the removal of impurities and dead skin cells, while the Galvanic rejuvenating current harnesses the power of Elderberry & Orange flower extracts to restore moisture and vitality. Skin is left profoundly reinvigorated. Instantly clearer, visibly brighter and radiant.

#### **Pro-Collagen Age Defy** *(Anti-ageing, if your concerns are lines and wrinkles)*

This is the treatment to tackle fine lines and wrinkles and help support the cellular structure of the skin. The clinically proven benefits of marine charged Padina Pavonica and Red Coral help plump out fine lines and help relax wrinkles. Targeted lymphatic drainage massage re-energises and rejuvenates, while an age defying peel-off mask encourages the highest cellular function, visibly improving firmness and elasticity for beautifully nourished, younger looking skin.

#### **Pro-Definition Lift & Contour** *(Anti-ageing, if your concerns are sagging jowls and jawlines)*

Powered by breakthrough technology targeting sagging jowls, cheeks and jawlines, this facial helps restore the architecture of the face. The Arjuna and Lupin-infused jowl and chin mask works on elasticity, whilst potent nutrients and stem cells help support the extra-cellular matrix. The structure of the skin is boosted through a unique deep, muscle toning massage from the scalp to the décolleté. The skin appears plumper and revitalised, creating a profoundly sculpted, youthful effect.

#### **Dynamic Resurfacing Precision Peel** *(Anti-ageing, if your concerns are uneven skin tone)*

This highly potent resurfacing treatment targets the signs of ageing and dull, tired, uneven skin tone. Specifically designed to work in conjunction with your skin's unique structure, this pioneering precision layering protocol uses three layers of enzymes to exfoliate the skin revealing extraordinary results. This system delivers powerful exfoliation and renewal for smoother, younger looking skin. A new start for new skin that has never looked better.

*(Not advised on the same day as using our heat facilities of sauna/steam room or hot tub, or facial waxing)*

---

#### CACI Jowl

Targeting the jowl area, this microcurrent treatment uses quad probe applicators to double the lifting action of the muscles to firm and tone.

*Sunlight and sunbed use should be avoided for five days and a SPF of 30 or above is advised during this time.  
Not suitable if you are using sauna/steam hot tub or receiving facial waxing 12 hours before and after.*

---
