

CALCOT SPA FITNESS

CLASS DESCRIPTIONS

Abs, Glutes and Thighs

A 45-minute triple threat workout that aims to strengthen and tone your abs, glutes and thighs through a variety of exercises.

Aerobics

Improve your fitness using rhythmic aerobic exercise with strength and stretching training routines.

Aqua

A low impact, pool-based class, with a mixture of cardiovascular and resistance exercises. Fantastic for all abilities and ages.

Body Blitz

A full-body, weighted class, where you will strengthen every muscle using a variety of equipment and come away feeling stronger than ever.

Body Conditioning

A full-body workout using a variety of equipment for full body toning, also incorporating cardiovascular elements of training.

Body Extreme

Anything goes in this 30-minute, high intensity class, which will set you up for the rest of your day. With a mixture of weighted, bodyweight and cardio exercises, you will walk away with a feeling of accomplishment.

Box Fit

Working with a partner and using boxing gloves and pads you will get a whole-body workout and be ready for the week ahead.

Calorie Blast

A class focused on the number of calories burned, calculated by the instructor. Expect cardio, bodyweight & even some weighted exercises, all completed in time periods.

Cardio Burn

If time is your issue, then this class is for you! With a mixture of cardiovascular and resistance exercises, this is high intensity with a capital H!

Core Control

Combines your traditional sit ups, with a variety of additional exercises, all aimed at strengthening your core, whilst redefining and sculpting your waistline.

Pathway to Pilates

If you'd like to try Pilates then Pathway is a great place to start. Aimed at beginners, you will be guided through the basics.

Pilates

Focusing on re-balancing body alignment, you'll learn about strength, breathing, balance, co-ordination, flexibility and core conditioning.

Strength & Conditioning

Heavy compound movements to help improve general strength with a conditioning finisher. Strength training has many health benefits and aids greatly with any sport or day-to-day living.

Stretch & Mobility

This slower-paced class is just what your body needs after a workout or for your everyday aches and pains. You will stretch the different muscles in your body and also work on improving your mobility.

TRX

Using suspension training and your own bodyweight, get a whole body workout in a short amount of time.

Yoga

An ancient system of breathing practices, physical exercises, postures and meditation intended to integrate the practitioner's body, mind and spirit – For the more experienced Yoga fans.

Yoga for Improvers

Yoga for improvers is for those that already have some yoga experience but are looking for that little bit extra on how to perfect the ancient system of relaxing the mind and body through meditating poses.

Introduction to Yoga

If you would like to try Yoga then introduction to Yoga would be a great place to start. Aimed at beginners, you will be guided through the basics.

Indoor Bootcamp
