

The Spa

NO.15 GREAT PULTENEY

Down in the hush of our spa, skilled therapists await the chance to listen to your needs and tailor highly beneficial treatments to address them. They are passionate about enhancing wellness, and their work focuses on transformation and renewal.

By pinpointing and targeting the root causes of muscular aches and pains, they can alleviate tension, stress and discomfort and boost wellbeing, recovery, flexibility and mood. And the organic skincare products they use are both sustainably crafted and visibly effective.

Rituals

We use the word rituals to describe experiences that combine treatments to bring maximum benefit.

THE COPPER ROOM

£265 - 90MIN *(for two)*

This extra-special shared ritual is made possible by our opulent copper tub for two in a treatment room dedicated to those who like to enjoy spa time together. The whole experience will leave you feeling restored, relaxed and profoundly connected through the act of sharing beautiful time.

The ritual starts when you are left to bathe in privacy and peace with the option of a self-applied body scrub and face mask as well as two glasses of English fizz *(or non-alcoholic substitutes)*. The organic, magnesium-rich salts in the water will detoxify muscles, drawing out any tension-causing aches and pains. And the essential oils will seduce your senses. Then, side-by-side, it's time for a 60-minute ritual each of your choice *(with upgrades available if you're seeking the very highest level of pampering)*.

LESSEN YOUR STRESS

£95 - 60MIN

This ritual starts with a targeted massage that releases the tension held in your neck, back and shoulders. As your therapist works on areas of tightness, your circulation will be stimulated, your levels of the stress hormone, cortisol lowered, and inflammation and pain reduced.

Then, you will receive a full organic facial to restore the natural balance of your skin. And a scalp massage will deepen your level of relaxation even further while a rosehip and rose clay mask works its soothing, detoxifying magic. The combination will leave you feeling released, realigned, hydrated and revitalised.

EASE YOUR TENSION
£95 – 60MIN

The parts of the body that hold the most tension are given TLC in this ritual designed to rectify the aches and pains caused by muscle tension and fascia tightness. Our therapist targets your neck, back and shoulders first, then moves to the hardworking feet.

After a refreshing eucalyptus and wild mint scrub, a foot massage stimulates circulation and revives you in readiness for another day's exploration of Bath. To complete the ritual, you'll relax during the sheer pleasure of an indulgent scalp massage.

TIME OUT FOR MUM-TO-BE
£95 – 60MIN

**Only suitable after the first trimester*

This specialist ritual helps ease muscular aches, pains and discomforts.

It starts with a soothing back massage in response to your individual needs and choice of aromatherapy oil. Our therapist will gently work on alleviating those tightnesses while also making sure you feel profoundly relaxed because, there's no doubt about it, you deserve it. Then the choice is yours – a circulation-boosting foot treatment or a glow-boosting organic facial and blissful scalp massage.

RELAX REGIMEN FOR HIM
£95 – 60MIN

This made-for-men ritual begins with a revitalising back, neck and shoulder massage using potent, nutritionally rich massage oils to nourish the skin while muscular tension is released. Then, an organic facial tailored to male skin deeply cleanses, exfoliates and hydrates through the application of essential acids, powerful antioxidants and face-massage techniques.

Your skin will feel profoundly refreshed, and with the massages having boosted circulation and the release of endorphins, you'll feel that your mood has been boosted, too.

THE COCOON
£185 – 120MIN

The most luxurious of our rituals is a transformative journey for mind and body through stimulation of the senses. It starts with a full-body organic, sugar or salt-based scrub to remove dead skin cells, awaken the skin and cleanse the body. Then, we cocoon you in hot towels to prepare the skin for hydration and remove the scrub before our therapist works organic apricot and jojoba oils into your skin during a powerful, full-body massage.

This releases muscle tension, boosts circulation and leaves your skin silky smooth. Not forgetting the face, the ritual then moves into a rejuvenating organic facial and scalp massage designed to de-puff and decongest the skin, leaving you with a radiant glow.

Massage

THE BESPOKE NO.15 MASSAGE

Deep-tissue +£20

Our therapists can work further into your muscles, using deep-tissue techniques, if you prefer firmer pressure or suffer from chronic tension.

Hot stones +£10

To promote blood flow throughout your body, you could add warm basalt stones to your treatment (*must be booked 24hrs in advance of massage*).

A little longer +£45

Why not add a further 30-minutes to your treatment (*subject to availability*) so that your therapist can spend more time on any particular areas of concern?

Being in their skilled hands for longer, the effects of your massage will be greater.

Reflexology +£10

Tap into the ancient philosophy of connecting pressure points on the foot to internal organs to promote overall health and wellbeing. (*subject to available Reflexologist*)
