

Relax at The Resident

We warmly welcome you to stay at The Resident. To ensure the safety of us all we will guide you through our new check-in process.

THE RESIDENT

Pre-arrival

Before your stay, you will receive an email and/or text message to advise you on our new check-in procedures and the latest guidance for moving around the hotel safely.

All our rooms are fitted with mini kitchens and we can safely stock your fridge with sanitised groceries, should you require them. Please let us know your order at least 24 hours prior to arrival.

If you are feeling unwell with Covid-19 symptoms before your stay, please do not visit the hotel and contact us to discuss your booking.

Check-in process

Please wear a face covering on entry and in all shared public spaces during your stay – face masks are mandatory and we can provide you with disposable masks if required. Social distancing floor markings and protective screens at check-in desks are also now in place.

We are not able to accept cash payments currently and require guests to pay any outstanding amounts by card at check-out.

All key cards are sanitised for your arrival.

Heading to your room

We encourage you to sanitise your hands at our sanitiser stations - which you can find in all shared public spaces.

Only one social group is permitted in the lift at any one time. Please note that stairs are available for those wishing to use them. To reassure you all our rooms are sealed after sanitisation procedures are complete.

If you feel unwell during your stay at The Resident, please stay in your room and advise reception immediately. We will follow government and NHS guidance to assist you promptly.

When you are ready to check out, simply place your key card in the drop off box in reception.
