

Housekeeping Late shift

Tregenna Castle Resort are looking for an experienced and enthusiastic Housekeeping assistant, to cover the busy and demanding role of Housekeeping Late shift.

The role is full time and permanent, and the hours are expected to be between 2pm to 10pm.

At the start of your shift, you may be asked to help out with any last-minute cleaning of either Hotel rooms or Self-Catering properties to a high standard, as required.

Once all our guests are checked in, you will then be solely responsible for attending to any requests they may have, carrying a radio with you at all times, as well as keeping the public and venue areas spotlessly clean and presentable.

This is a varied role and is physically demanding, so a good level of fitness will be required.

During daylight hours, you may use the buggy to take you around our 72-acre Family Resort.

Our Staff are our best asset here at Tregenna Castle Resort, so if you would like to join our team, we'd love to hear from you!

Free onsite parking and discounted food available whilst on shift.

Please note that live in accommodation is not available.
