

it's time for
THE WATERFOOT
STORY

Waterfoot is a Holiday Park.

This means it is a
place where I can
relax and explore.

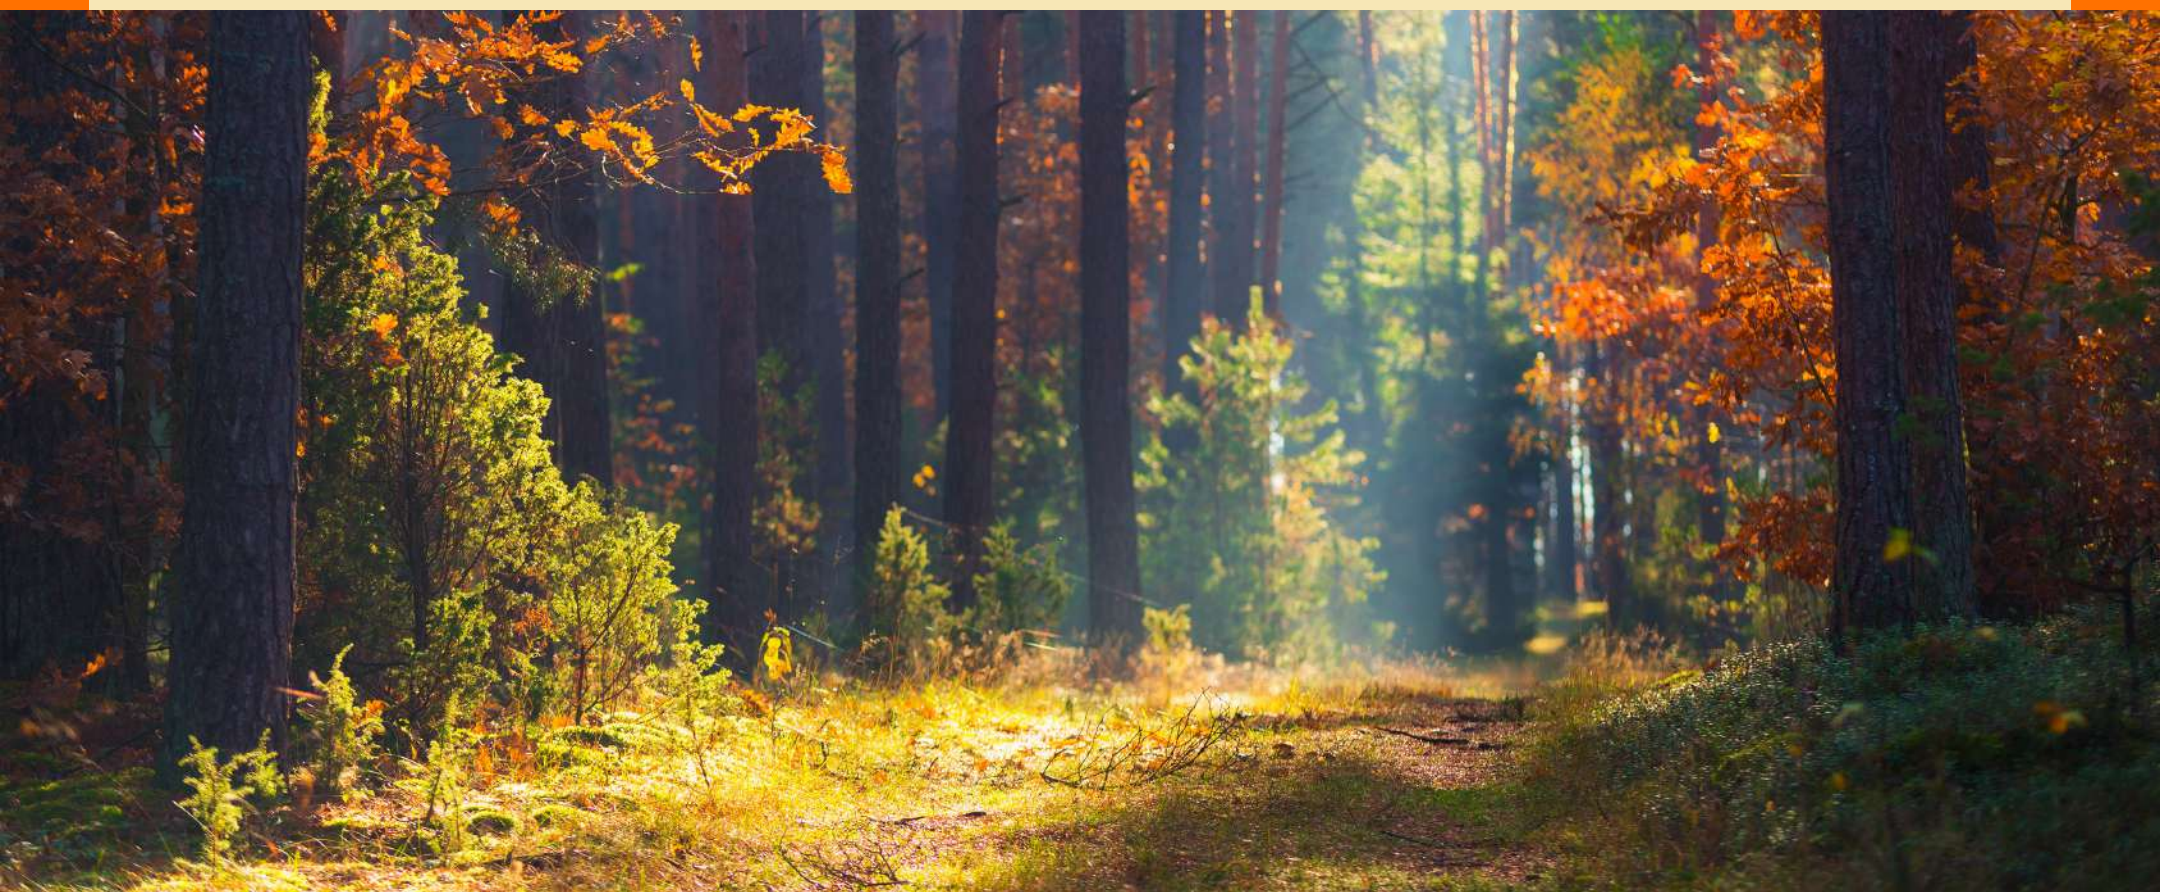

I might hear:

In the bar

Background music to dance to

In the woods

Trees rustling, mud squelching

I might hear:

In the shower block

Hair dryers whirling

By the fountain

The trickle of lakeland water

Outside I might see:

At the entrance

The wooden reception building

Around the Park

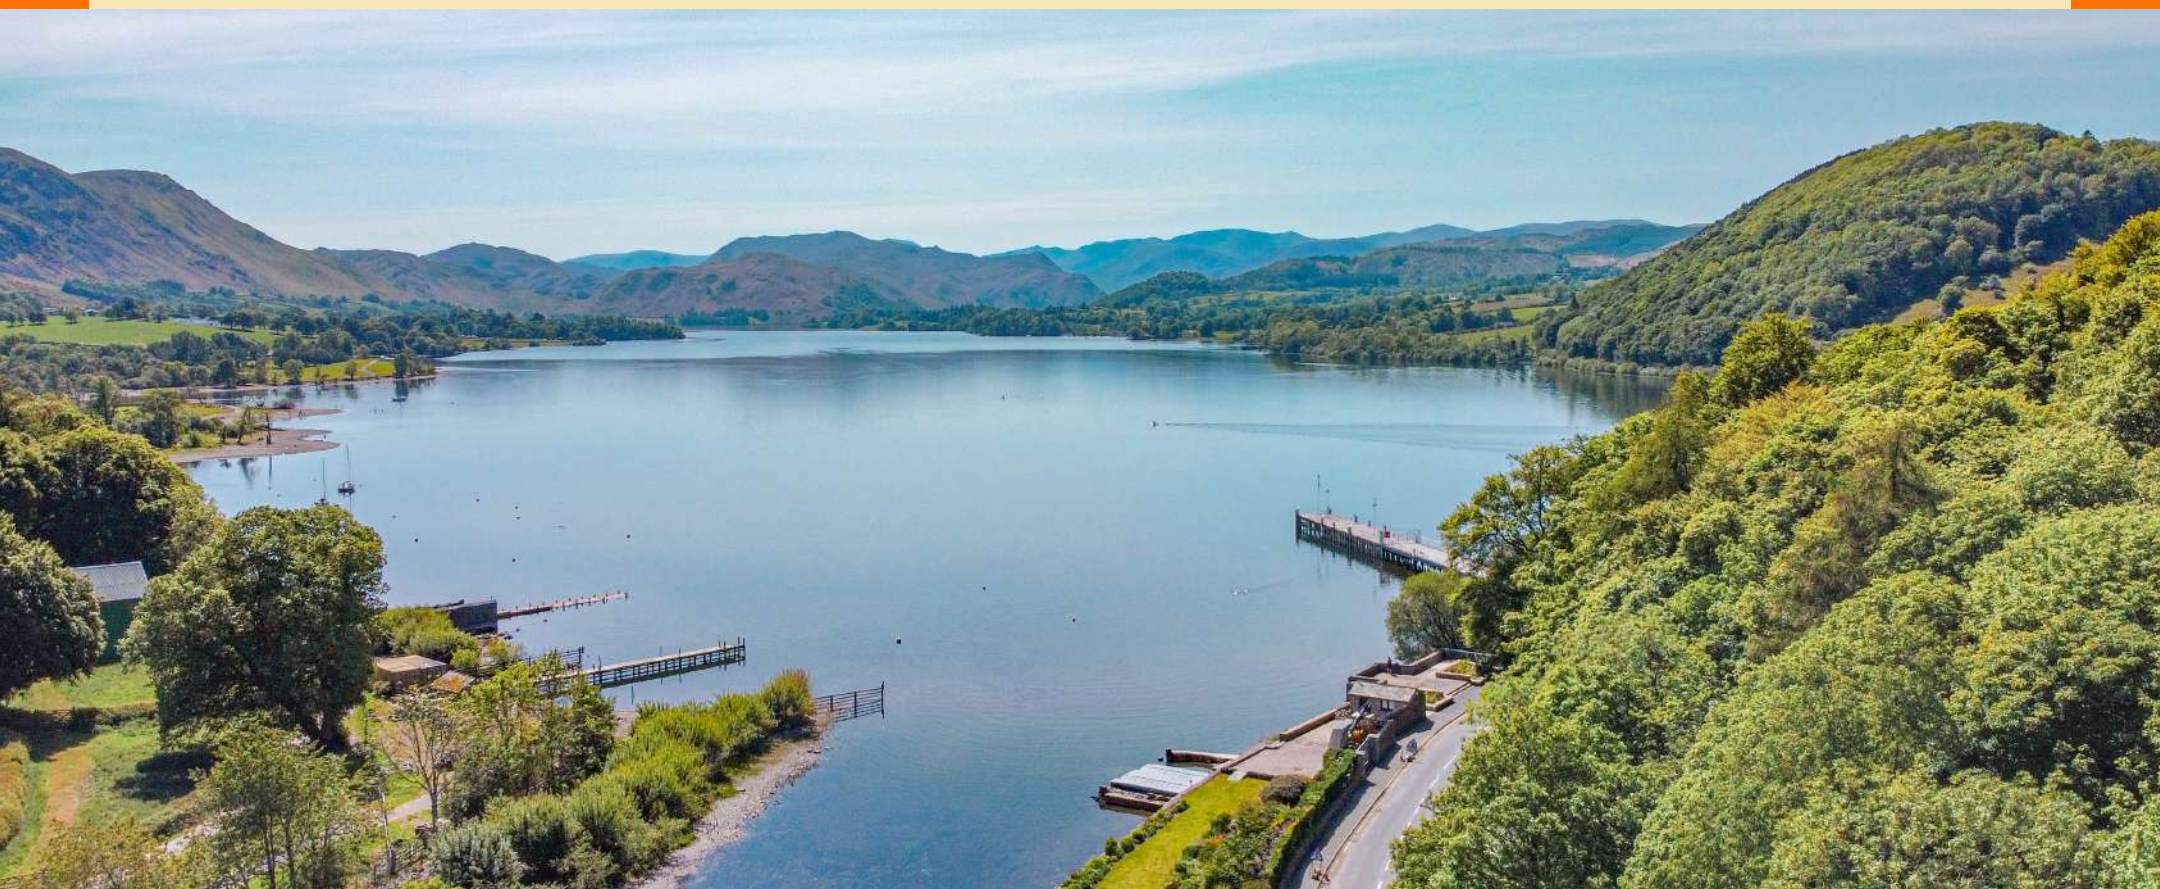

Lush green holiday homes

Outside I might see:
On a walk

Well trodden paths from walkers
By the lake

The water sparkling in the sun

Inside I might see:

In reception

A friendly member of staff

In the bar

Board games that I can play with

Inside I might see:

Cottages

The soft white beds, the large lawn out
the window

Shop

Toys on the shelves

I might smell:

Play park

Wooden chips on the floor

Cottages

Food from the kitchen where my
family cooks dinner

I might smell:
On a walk

The sweet smell of flowers
Outside in the park

The smokey smell of a BBQ, yum!

I might taste:
At the bar

Some crunchy crisps as a treat
In Pooley Bridge

A cold ice cream from the local
shop

I might taste:
At our accommodation

Delicious food we
have cooked

I might **touch** or **feel**:
On a walk

The rough bark of the trees
Play park

The smooth chains of the swing set

I might touch or feel:

By the fountain

The cool water on my fingers
In the gardens

The soft grass underfoot

**Most of all,
Waterfoot Park is a
place where...**

**I can have fun with my
family and explore
outdoors with them.**
