Russian

We are thrilled to welcome you to our unique private dining experience featuring a delightful menu especially designed around our homegrown mushrooms.

All the mushrooms you are about to savour are grown in our Mushroom Hut located next to you.

We have a variety of mushrooms from oyster mushrooms to log white fungi; pink oyster to yanagi mushrooms.

Mushrooms are among the only natural food sources of vitamin D and are one of the few foods that contain germanium, a trace mineral that helps the body use oxygen efficiently and prevents against the damaging effects of free radicals.

Many mushrooms are also good sources of selenium, as well as copper, niacin, potassium, and phosphorous. Additionally, mushrooms provide protein, vitamin C, and Iron.
