WELCOME

Welcome to Gary Collins Photography.

Thank you for your interest in my wedding photography, this booklet gives an insight into my portfolio, introduces my approach to wedding photography and gives an overview of my current wedding packages and bespoke photography options. Please get in touch if you have any queries, I am always happy to arrange a chat on the phone or over a coffee!

First a little about me, given I may be part of your big day...

I'm originally from Newmarket-on-Fergus and am now based in Ennis, Co Clare, covering weddings across Ireland and internationally. Once upon a time I was a professional Irish dancer and accountant. My photography story begins with landscape photography, documenting the landscape of my travels as a member of Michael Flatley's Lord of the Dance. What began as a means of capturing and sharing my own individual experiences and stories became a passion and then a profession, progressing into wedding photography, capturing and sharing the stories of couples and families. Gary Collins Photography began in 2014 and I am proud to have played a part in the wedding days of my couples. In my spare time I am found on the coast, drinking coffee, minding my cat Rua, shouting loudly for Clare in the hurling (and quietly for Liverpool in the soccer).

My approach...

My approach to photography is relaxed and unobtrusive; for weddings the emphasis is kept on the happy couple, their family, friends and the day. Special family occasions are all about the little moments, a glance, a smile and I'm there to document these. Ireland is full of beautiful locations for ceremonies and photography - urban, rural and seaside, and my photographs capture your special memories here for a lifetime. My background and beginning in landscape photography continues to influence my work and I favour incorporating the stunning Irish landscape into wedding photography.

For further insight into my approach and how I capture the story of a wedding day see **my blog** https://www.garycollinsphotography.com/blog_ And for the latest updates and behind the scenes goings on check out my social media, I'm a big fan of Insta Stories in particular!
