## *A Note from Anne Marie*

Congratulations on your Engagement and thank you for taking the time to stop and pick up my brochure.

I hope that you will find this information helpful when planning your most special day ~ [Your Wedding Day](#) ~ a day that reflects your individuality while celebrating one of the most memorable days of your life.

To tell you a little bit about my ceremonies, they are very welcoming, friendly and professional which will be reflected in the type of service that we prepare together.

**“A Ceremony Created Just For You.....”.**

I will meet with you and help you plan a lovely and personal Ceremony .Most importantly, it is your [Wedding Day](#) and I will conduct the type of service that you want. I am happy to help you in any way I can and offer advice when needed.

I have available to all my couples a Ceremony Guide full of useful information to help you choose a style that suits you.

It is important that on your Wedding Day your Ceremony is just perfect for you both and reflects your personalities, beliefs and wishes. You are very welcome to include your own vows, special poems/verses or you may simply like to choose these from my Guide. We can also add in anything else that may be important to you - please see [My Menu](#) for ideas.

Your special day can be formal, traditional, casual, or something in-between ~ the choice is yours .On a beach, by a lake, in your own home, on the Harbour or at a Hotel, any venue of your choice. There are so many possibilities with a Ceremony and my commitment to you is to provide a professional and friendly service.

[Quality and excellence](#) are very important to me and I will endeavour to make your Ceremony one which you will always remember. **Oh, and don't forget lots of fun!**

**You are only limited by your imagination.**
