... the extra mile.

Our GIANT light-up LOVE Sign is another recent addition to our wedding package. Rather than adding another supplier to your list we can provide it at a massively reduced price for our couples.

# Red Alert *Wedding Entertainment*

... the extra mile.

We have recently added another bonus to our packages, our **DJ Photographer** is proving to be a huge winner with our couples as it is capturing a part of the night which is always missed by the Wedding Photographer and never thought of until memories are being pieced together after!

The DJ photos capture all the fun from the final part of the night. All photos will be sent on to the couple and can be added to Facebook for guests to view and download if they so wish.

### **Wedding DJ Service – Red Alert**

As most wedding couples require both a party band and DJ, we offer our couples the ability to add our professional DJ service to their booking. Typically there is a gap between a Band and DJ at events, due to the changing of sound and lighting gear and this means a drop in energy of the party atmosphere. By Red Alert providing the DJ service, it allows our DJ to kick in instantly to allow no interval and the party flows into the wee hours.

As with the party band set the DJ will be able to expertly read the crowd and with a huge library of music and will be able to provide anything from AC/DC to ZZ Top.

Let us know if you would like to add the Professional DJ to your Wedding Band booking.
