

## **GeO GOSPEL CHOIR**

As part of our standard wedding package, we offer two options for wedding day entertainment and normally perform at the wedding ceremony or during the cocktail hour at the wedding reception. Outlined performance structure for each below.

### **Wedding Ceremony**

4 songs performed during the wedding  
(3 from the choir's rep and 1 chosen by the couple)

1 song for the bridal march  
1 song for signing of the register  
1 song for the couple's exit  
1 additional song for a special moment as part of the service  
(hymns, song instead of reading, pre-bridal march, etc.)

### **Wedding Reception**

15 songs performed during the reception  
(14 from the choir's rep and 1 chosen by the couple)

1 x 60 minute set

The choir's rep consists of 25 songs that are regularly updated, keeping things current as well as gospel sounding. We offer the couple the option to request a song of their choice and structure a gospel arrangement around this for their wedding day too.

We typically provide anything from a 4 piece to an 8 piece gospel choir. We can provide piano/piano player as accompaniment, otherwise we're looking at tracks which we would also provide. (Additional costs would include travel, overnight stay, equipment, lighting, extra rehearsals, etc.)

### **Exclusive Package**

This service combines both the wedding ceremony and wedding reception packages at an exclusive rate for a limited period of time. This package can also be tailored more to any specific requests.
