2021 Price guide* – correct as of September 2020

There is a strong likelihood that flower prices may increase significantly in 2021, so though I will honour most of these prices, some will have to be increased.

About moss and mushroom

Established in 2013, the Moss and Mushroom floristry studio is located in the heart of county Tipperary on the shores of scenic Lough Derg, just minutes from the M7.

Your wedding day should be one of the most memorable days of your life, and beautiful flowers enhance the mood and look of your big day. Sunflowers or peonies, roses or thistles, whatever you're into, I can help bring your ideas to life, and to suit your budget. I always aim to ensure that couples enjoy the process of choosing the look for their big day, and that their choices truly reflect their taste and personality. If you're having a civil ceremony, I have a selection of beautiful arches, as well as a stunning 2.4metre moongate, which makes for stunning photos, and will have your guests talking long after the wedding is over.

Moss and Mushroom couples are free-thinkers, creative and open-minded, and want a wedding that truly reflects them.

If that sounds like you, please do get in touch - I'd love to work with you.
