

## LISA EMMINGS

During the 11 years I have been at St Pierre I have had the pleasure of helping to plan over 500 weddings. I always advise my couples to enjoy every moment from planning to the day itself as it can pass so quickly.

I am passionate about my dedication to wedding couples throughout the planning and execution of the most important day of their lives.

Fun fact ... my favourite trend this year is Pimp Your Prosecco stations so the guests can get creative with their reception drinks.

## TESTIMONIAL

"Just a message to say thank you so much for all your help in organising our wedding celebrations. It was such a perfect day! We had a wonderful time and Marian and Rowan helped the day go so smoothly. Thanks for allowing us to postpone a couple of times and for honoring the original price. We are both so grateful and would recommend Delta Hotels by Marriott St Pierre as a wedding venue to anyone!"
