

# Weddings Menu & Packages at The Address Cork

The Address Cork are committed to an ideal where we can deliver on comfort, luxury and making memories in a way that is more sustainable for our planet.

To support some of the finest food producers in the world and reduce our carbon footprint, our team of chefs have designed a 50-mile menu using the finest, freshest, seasonal ingredients, sourced within 50 miles of the Hotel and prepared with authenticity and style.

We believe that every person has the right to not experience hunger. We have partnered with one of Corks longest standing and well-loved charitable organisations “Penny Dinners”. We pledge that for every meal served at a Wedding in The Address Cork we will provide a nutritious meal to those who most need it. If you wish, we can place a small card at your place settings as a wedding favour for your guests.
