Here at the Kenwood Hall, nestled in the heart of Nether Edge, we are one of the Sheffield's best kept secrets. Set in 12 acres of gardens and with our own lake, the stunning grounds of Kenwood Hall provide the perfect setting for your special day. Matching period charm with modern facilities and an enviable reputation for the very highest standards of service, meaning you can rest assured that you and your guests will treasure the memories of your big day forever.

While weddings are one of the most beautiful celebrations you will experience, planning them comes with a pinch of stress. Even if the idea of planning a stress-free wedding seems like a fantasy, it isn't impossible... Especially with our assistance.

The original Kenwood House dates back to the early 1800's boasting many of its original features and lavish décor, by day natural light gleams through the grand leaded bay windows whilst by night the chandeliers glow on the original gilt ceilings. Each of our rooms have been resorted to bring out its unique character, everywhere you look the airy elegance of the architecture sets the perfect mood for your big day.
