PRICING

We appreciate that every bride and groom has very different needs. Here at The Old Inn we have been hosting weddings for hundreds of years and understand that you will be overwhelmed with choices and prices as you decide on your venue and content.

Our wedding planners are here to help with your costings – so you can splurge where it's important but also control costs that you're nervous about! We can also do a bit of haggling for you with known suppliers to ensure you get the best deal.

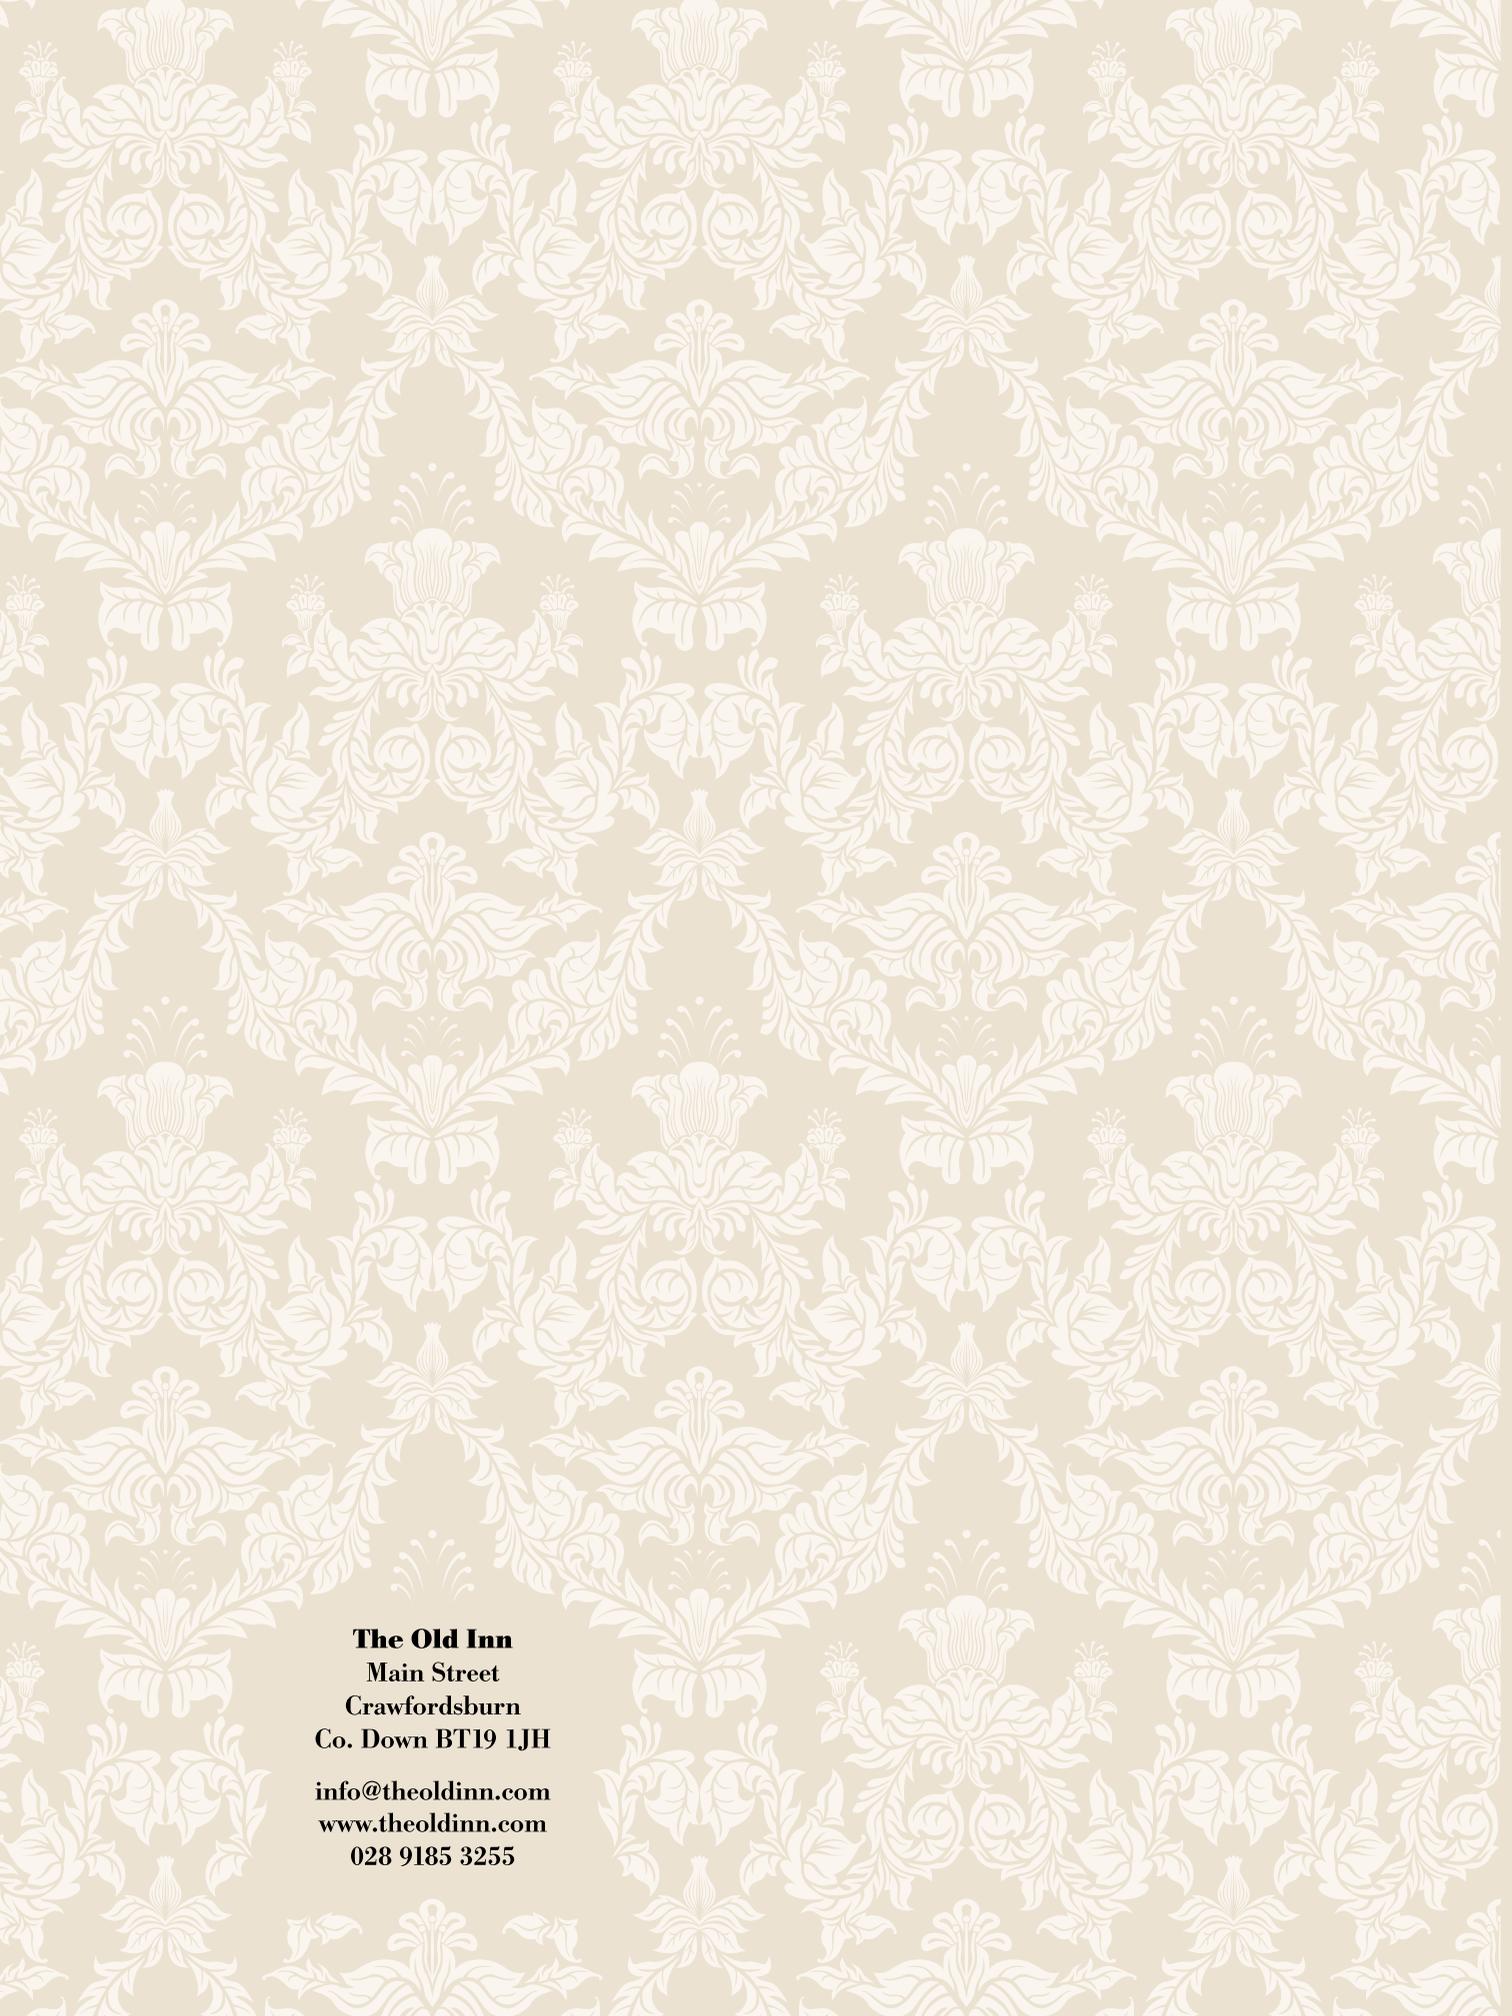

We have a very straightforward way of pricing, and that's simply that you get what you pay for. Whether you want to include everything into a 'package' or split it out into individual costs, either way your unique wedding will have a unique price. So that's why we're not going to list every bowl of soup on our menu or flower in our bouquets – and what makes us different is that some packages in other establishments can contain a certain amount of 'buffer' cost and then give you multiple choices for your package.

Sure, we can give you a guide that weddings over 100 people can be anything from £40 per person to over £100, but we know, from experience, that we can generally find something that suits your plans and your budget if you call us on 028 9185 3255 or email weddings@theoldinn.com.
