We offer a separate BSL student membership for students who are studying BSL. For further details please contact our Access & Inclusion Manager.

# WHAT ACCESSIBLE PERFORMANCES DOES THE THEATRE PROVIDE?

## BSL Interpreted Performance

BSL Interpreted performances are for deaf, deafened or hard of hearing theatregoers who use British Sign Language. An interpreter will stand in a visible position and interpret the spoken and heard elements of a performance.

## Audio Described Performance

Audio description improves access for visually impaired theatregoers. It involves a live verbal commentary on the visual elements of a production during natural pauses in the existing audio. This is transmitted through individual headsets and does not impact on other theatregoers.

Audio described performances also include a free touch-tour prior to the show for visually impaired patrons. Please contact the Box Office for more information.

## Captioned Performance

Captioned performances are for deaf, deafened or hard of hearing theatregoers. All audio within a performance is converted into visible text and displayed on electronic screens called captioning units.

## Relaxed Performance

A Relaxed Performance is specially designed and adapted for people who find regular performance settings difficult. They are created to reduce anxiety and create a supportive atmosphere for people with autism spectrum conditions, learning disabilities and other sensory and communication disorders.

## Dementia Friendly Services

Here at the Grand Theatre we are committed to making our venue a dementia-friendly environment. We hold monthly Memory Cafes featuring professional entertainment for those living with dementia and their carers or loved ones.

We are also committed to providing dementia-friendly performances of shows in our auditorium.
