

Polyboard Library Set Up

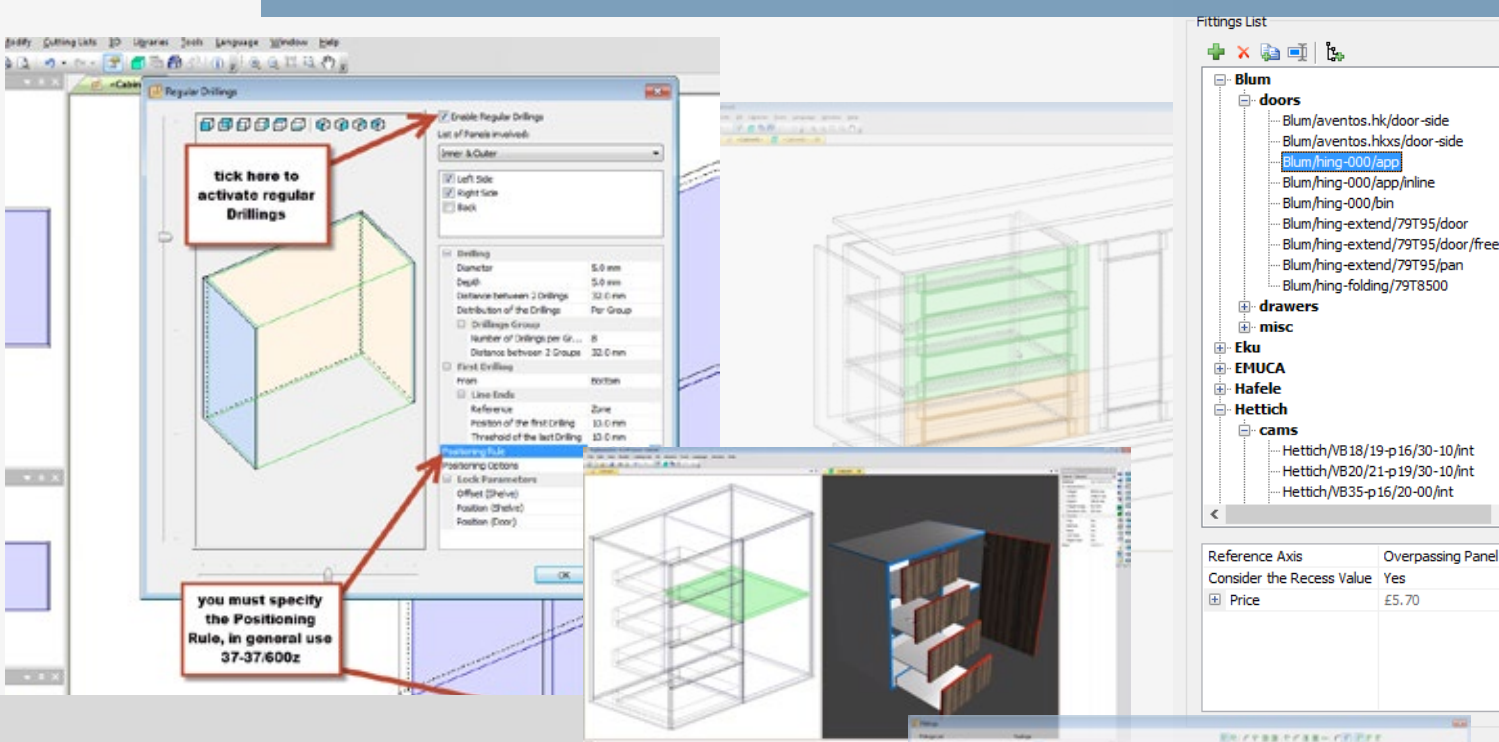

NOW FOR THE REALLY POWERFUL BIT...

Automated design and manufacturing

- Are you setting up assembly details, hardware and materials for every new project?
- Are you still struggling to set up drawer runners, sliding door hardware and worktops?
- Or hanging rails, fillers, edging and plenty more besides?

You don't have to!

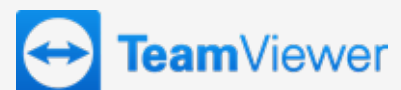

Did you know that Polyboard can set up all this and more, automatically?
...fast, easy and error free, for each and every project

This well structured service includes:

- Analysis of your needs and working methods
- Preparation of a draft Polyboard library for testing
- Final library structure agreed and set up
- Final testing and adjustments
- Training in how to use your new library
- And 2 months Premium Support free of charge, our Quick Design Libraries, on demand library set up service and custom videos and models

Use advanced features of Polyboard that 90% of users don't know exist, let alone use

Trusted by 1000s of companies worldwide
