Privacy Policy Statement Blastrac BV

Collection and use of personal data from customers, suppliers and other contractors

We would like to make you aware that the personal information you provide will be collected and used because this is necessary for any potential agreement to be closed and agreed between Blastrac BV and you. This applies to both our (potential) customers and parties from whom we purchase goods and/or services.

If you are a (potential) customer of Blastrac BV, then we use your information to send you a quotation; to be able to determine which specifications or requests a particular case or service must meet; in order to provide business or work for you to be able to do; to be able to invoice and to communicate with you smoothly and efficiently on implementing aspects of the agreement.

If you are a (potential) supplier or other contractor, your personal details are also necessary to close and accomplish the agreement. This is necessary for the purchasing department to let you know as to which specifications or wishes a particular item or service in our opinion must comply; to send a quotation request; to place an order, to pay your invoices and to communicate on others aspects of the agreement quickly and efficiently. You are not obliged to provide us with your personal data. If you provide us with insufficient or insufficient personal data, it is however possible that we are unable to perform the previously mentioned activities.

Transmission to third parties

In connection with the implementation of a possible agreement between us, it is possible that we must provide your personal data to parties who supply parts, materials and products to us or carry out work on our instructions. We also use external server space for the storage of (parts of) our sales and purchasing administration, which includes your personal data. Your personal data is therefore provided to our server room provider. We also use Microsoft Office and the associated storage facilities for e-mails and other files.

Direct marketing

If you order from us on a regular basis, we will store and use the personal data you have provided to us. We will do this in order to inform you personally by mailings of our existing and new products and services. Also we might do some promotions. We have a legitimate interest in the use of your personal data for this purpose, namely to market our products and services. Every time we send you an advertising mail, you have the opportunity to let us know you don’t want to receive these kind of mailings anymore by clicking the unsubscribe link at the bottom of each mailing. If you are a one-time customer with us, we will only send you advertising messages if you have given us your permission in advance.

Retention periods of the personal data

If you have requested a quotation but you have not become a customer with us, we will delete your data no later than one year after our last contact. When we receive a quotation from you and we have not become your client, we will retain your personal data for a period of seven years after the end of the financial year in which the agreement with you has been fully executed. The seven-year period corresponds to the period in which we are obliged to keep our administration for the Tax Authorities. After this period we will delete your personal data.

Your rights

You have the right to request insight in your own personal data. If there is reason to do so, you can also request us to add information or correct inaccuracies in the data. You also have the right to make personal data removal request or give a limitation of personal data use. You can object against collection and use of your data or file a complaint with the Dutch Data Protection Authority. Finally, you can request to obtain your personal data or transfer that data to another person. You can contact us for exercising your rights. You can also contact us with questions or for more information about the collection and use of your personal data.
