

IUIS

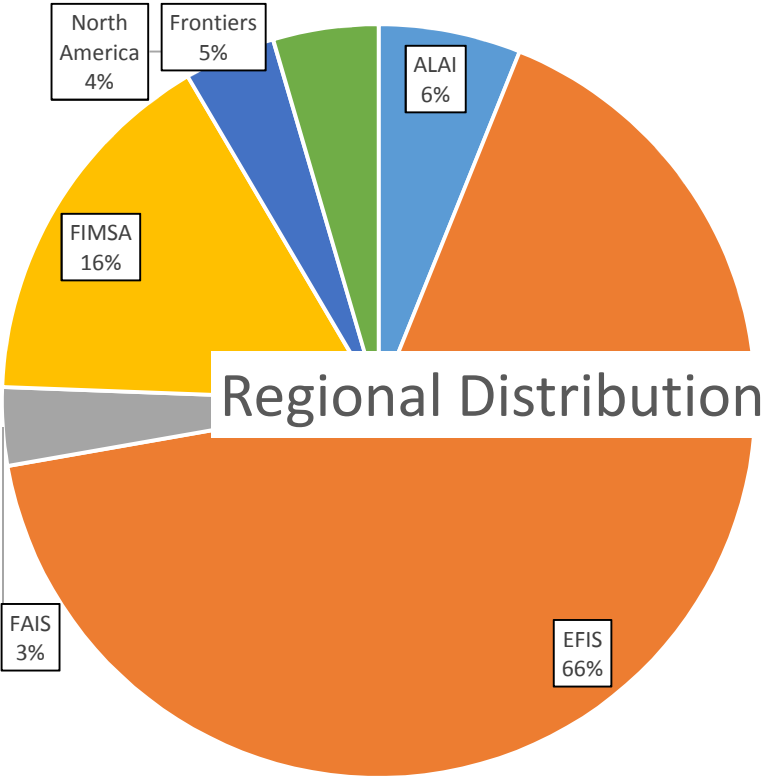

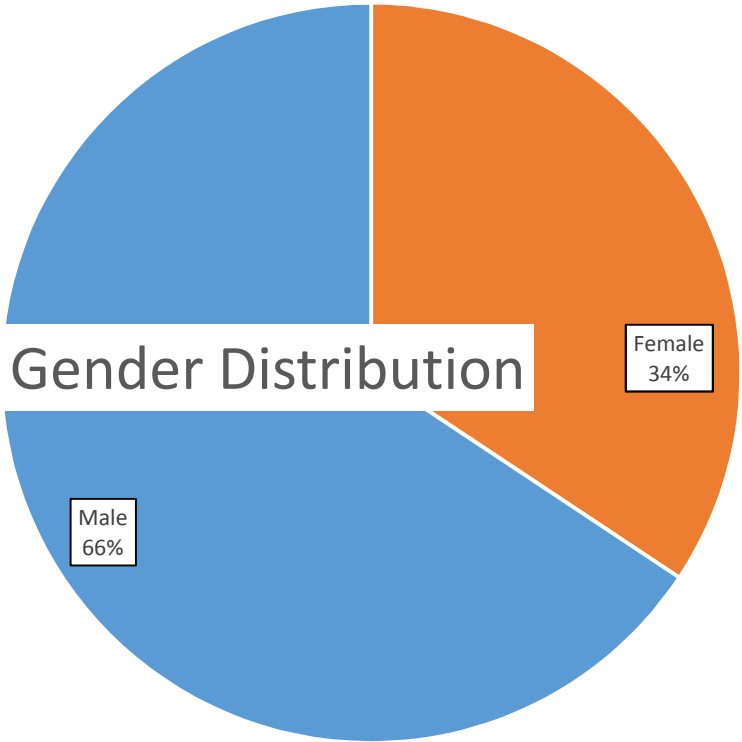

International Union of Immunological Societies

IUIS – ICI 2016 Update

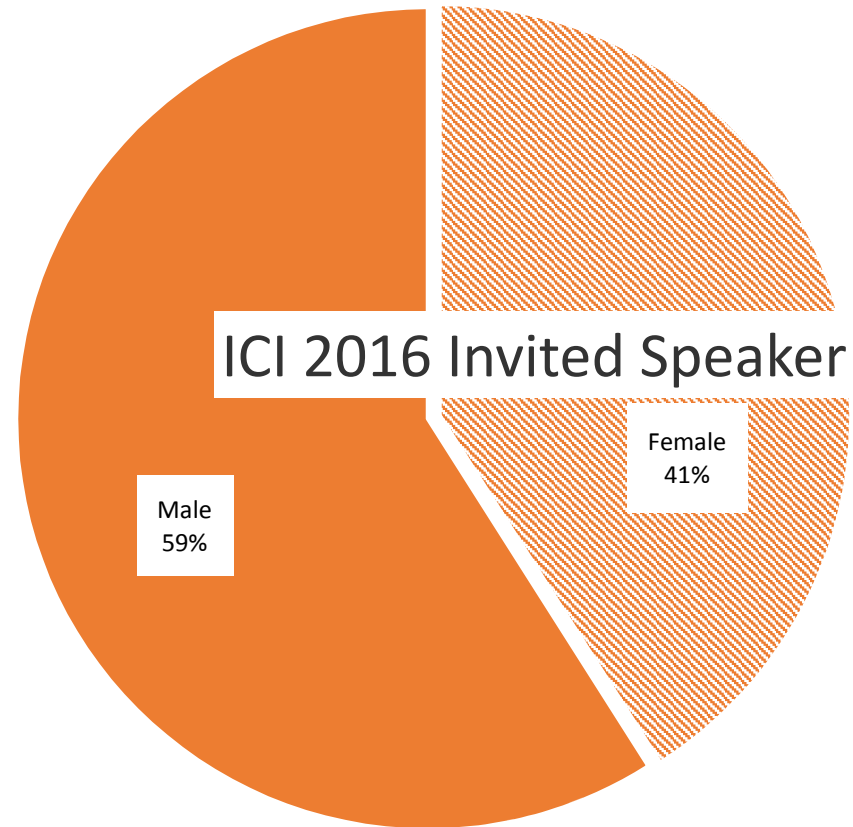

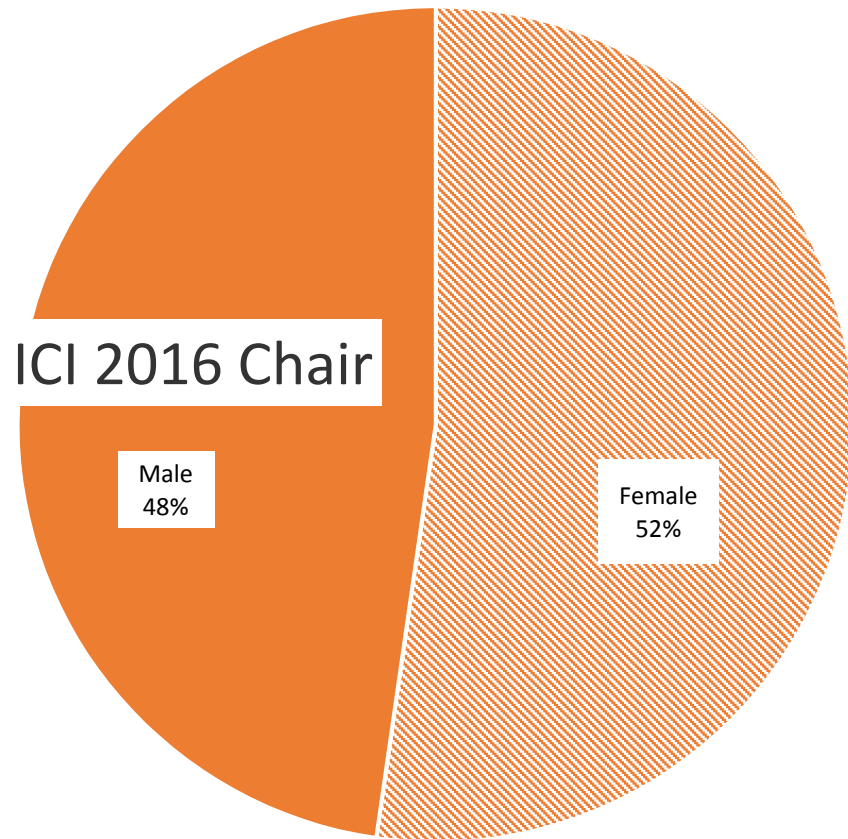

- Scientific Advisory Committee was formed with IUIS officers to advise the ICI 2016 Organising Committee and Scientific Program Committee
- IUIS regional and national member societies, as well as partner organizations were requested to nominate ICI 2016 chairs and speakers, as well as Scientific Program Committee members.
- IUIS supported the ICI 2016 OC with the invitations
- IUIS Central Office is managing the Abstract Submissions
- IUIS Central Office is administering an application for travel grants from the Bill and Melinda Gates Foundation
- IUIS committees and partners are asked to organize satellite and joint symposiums on selected topics
- IUIS Central Office gives ongoing support to Conference Managers in the promotional campaign and external representation

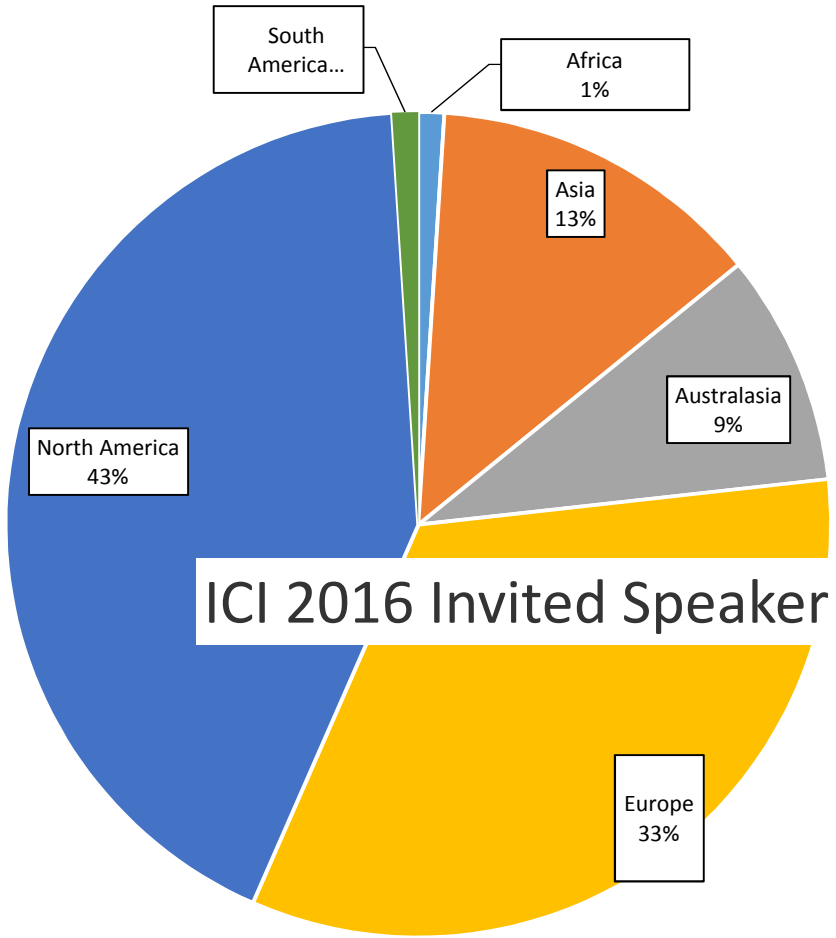

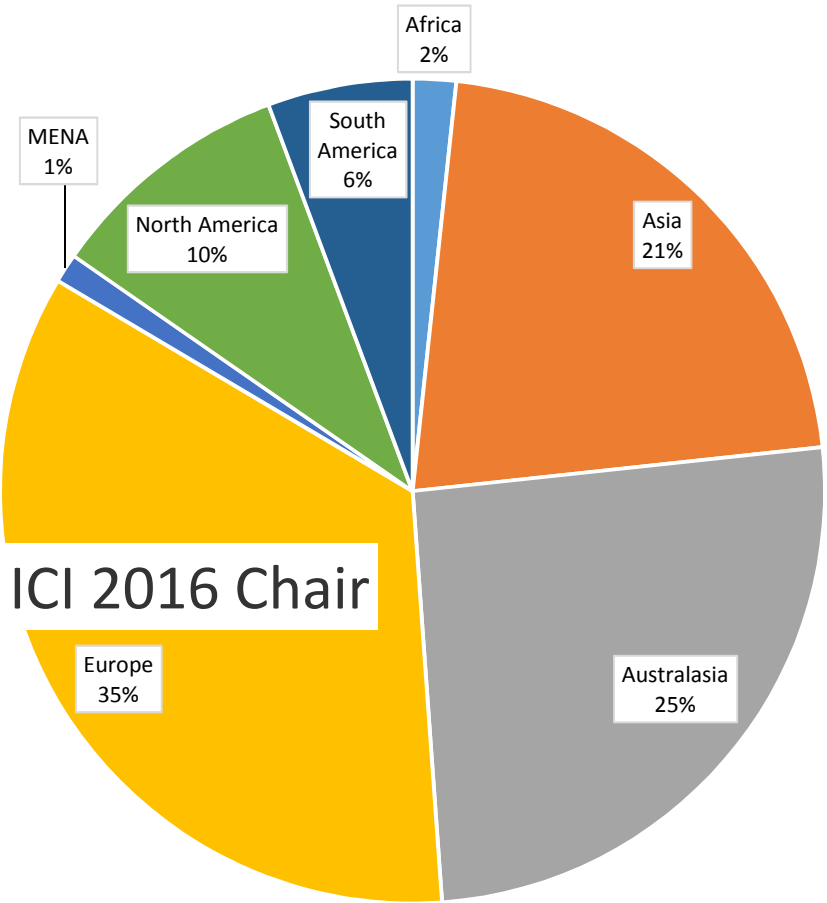

IUIS nominations received

Current ICI 2016 Faculty Distribution by Gender

Current ICI 2016 Faculty Distribution by Geographic Region

Program at a glance: Sunday, 21 August Monday, 22 August

INTERNATIONAL CONGRESS OF IMMUNOLOGY 2016 PROGRAM - PROVISIONAL

SUNDAY 21 AUGUST		MONDAY 22 AUGUST											
0700-0830	Registration		Registration										
Room	Registration	Basic Immunology Course	Clinical Immunology Course	Plenary 1 (977)	Plenary 2 (1806)	Plenary 3 (979)	105+106 (480)	109+110 (480)	203+204 (480)	111+112 (155)	103 (130)		
0830-1015				Program Lectures									
Topic				Infection1	Cancer Immunotherapy	Autoimmunity							
1030-1210				Mini-symposia									
Topic				MS22-1 Vaccines 1	MS22-2 Treg	MS22-3 Emerging Technologies	MS22-4 Veterinary immunology	MS22-5 Lymphocyte signalling	MS22-6 Autoimmunity 1	MS22-7 Diseases Prevalent in Indigenous Peoples	MS22-8		
1215-1300				Lunch-time Lectures									
1315-1510				Mini-symposia									
Topic				MS22-9 HIV	MS22-10 T cell memory	MS22-11 Interferons	MS22-12 Reproductive immunology	MS22-13 Lectin receptors	MS22-14 Transcription factors	MS22-15 Computational Immunology	MS22-16		
1515-1630				Poster Discussion									
1630-1730				Master Lectures									
Topic				B cells	Mucosal immunology	T cell memory	Tumour immunology	Costimulation / coinhibition	Lymphocyte signalling				
1730-1930				Opening Ceremony and Welcome Reception		Novartis Award Ceremony and Reception							
1930-2130													

Program is correct at 28 July 2015 and subject to change

Program at a glance: Tuesday, 23 August

INTERNATIONAL CONGRESS OF IMMUNOLOGY 2016 PROGRAM - PROVISIONAL

TUESDAY 23 AUGUST								
0700-0830	Registration							
Room	Plenary 1 (977)	Plenary 2 (1806)	Plenary 3 (979)	105+106 (480)	109+110 (480)	203+204 (480)	111+112 (155)	103 (130)
0830-1015	Program Lectures							
Topic	B cell	T cell	Genetics					
1030-1210	Mini-symposia							
	MS23-1	MS23-2	MS23-3	MS23-4	MS23-5	MS23-6	MS23-7	MS23-8
Topic	Mucosal immunology	Systems Biology	Genetics 1	T cell development	Adoptive Cell Therapy 1	Emerging Infectious Diseases		
1215-1300	Lunch-time Lectures							
1315-1510	Mini-symposia							
	MS23-9	MS23-10	MS23-11	MS23-12	MS23-13	MS23-14	MS23-15	MS23-16
Topic	Cell trafficking 1	Microbiome	Tumour immunology 1	B cell development	NK cells	Autoimmunity 2	Stem cells & Immunity	
1515-1630	Poster Discussion							
1630-1730	Master Lectures							
Topic	T-B	Lymphocyte differentiation	Lymphocyte signalling	ILC, Allergy	Cell trafficking			

Program is correct at 28 July 2015 and subject to change

Program at a glance: Wednesday, 24 August

INTERNATIONAL CONGRESS OF IMMUNOLOGY 2016 PROGRAM AT A GLANCE - PROVISIONAL

WEDNESDAY 24 AUGUST								
0700-0830	Registration							
Room	Plenary 1 (977)	Plenary 2 (1806)	Plenary 3 (979)	105+106 (480)	109+110 (480)	203+204 (480)	111+112 (155)	103 (130)
0830-1015	Program Lectures							
Topic	Ag presentation	Innate molecular	Treg					
1030-1210	Mini-symposia							
	MS24-1	MS24-2	MS24-3	MS24-4	MS24-5	MS24-6	MS24-7	MS24-8
Topic	Antigen processing and presentation	Innate Receptors and Inflammasomes 1	Th subsets 1	Granulocytes	Adoptive Cell Therapy 2	Genetics 2		
1215-1300	Lunch-time Lectures							
1315-1510	Mini-symposia							
	MS24-9	MS24-10	MS24-11	MS24-12	MS24-13	MS24-14	MS24-15	MS24-16
Topic	Immunity to viruses	Tumour immunology 2	Cytokines and inflammation	Transplantation	Immunity to Parasites 1	Complement		
1515-1630	Poster Discussion							
1630-1730	Master Lectures							
Topic	Cell trafficking	Tumour Immunology	Lymphocyte signalling	Th	T cell memory	CTL killing		

Program is correct at 28 July 2015 and subject to change

Program at a glance: Thursday, 25 August

INTERNATIONAL CONGRESS OF IMMUNOLOGY 2016 PROGRAM AT A GLANCE - PROVISIONAL

THURSDAY 25 AUGUST								
0700-0830	Registration							
Room	Plenary 1 (977)	Plenary 2 (1806)	Plenary 3 (979)	105+106 (480)	109+110 (480)	203+204 (480)	111+112 (155)	103 (130)
0830-1015	Program Lectures							
Topic	Allergy	Dendritic cells	Innate lymphoid cells					
1030-1210	Mini-symposia							
Topic	MS25-1 Allergy	MS25-2 Dendritic cells	MS25-3	MS25-4 Immunity to Bacteria	MS25-5 NKT Cells	MS25-6 Immunodeficiency	MS25-7	MS25-8
1215-1300	Lunch-time Lectures							
1315-1510	Mini-symposia							
Topic	MS25-9 Tolerance	MS25-10 Macrophages	MS25-11 Th subsets 2	MS25-12 Vaccines 2	MS25-13 Comparative Immunology	MS25-14 B cells 1	MS25-15	MS25-16
1515-1630	Poster Discussion							
1630-1730	Debate							
		Adaptive immunity is innately redundant						
1730-1930								
1930-2130	Congress Dinner							

Program is correct at 28 July 2015 and subject to change

Program at a glance: Friday, 26 August

INTERNATIONAL CONGRESS OF IMMUNOLOGY 2016 PROGRAM AT A GLANCE - PROVISIONAL

FRIDAY 26 AUGUST								
0700-0830	Registration							
Room	Plenary 1 (977)	Plenary 2 (1806)	Plenary 3 (979)	105+106 (480)	109+110 (480)	203+204 (480)	111+112 (155)	103 (130)
0830-1015	Program Lectures							
Topic	Tolerance & Transplantation	Inflammation	Immunodeficiency					
1030-1210	Mini-symposia							
Topic	MS26-1 Cell trafficking 2	MS26-2 Innate Receptors and Inflammasomes 2	MS26-3 Therapeutic antibodies	MS26-4 Invariant and $\gamma\delta$ T cells	MS26-5 Perinatal Immunology and Aging	MS26-6 Immunity to Fungi	MS26-7	MS26-8
1215-1300	Lunch-time Lectures							
1315-1510	Mini-symposia							
Topic	MS26-9 Immunosuppression	MS26-10 Innate lymphoid cells	MS26-11 B cells 2	MS26-12 Metabolism	MS26-13 Immunity to Parasites 2	MS26-14 Neuroimmunology	MS26-15	MS26-16
1515-1630	Poster Discussion							
1630-1730	Master Lectures							
Topic	Inflammation	Th17	antibody					
1730-1930	Closing Ceremony							

Program is correct at 28 July 2015 and subject to change

Thank you for your attention
