

## Approved Nomenclature on Blood Monocytes and Dendritic Cells

This research was originally published in Blood Online. [Ziegler-Heitbrock L, Ancuta P, Crowe S, et al. Nomenclature of monocytes and dendritic cells in blood. Blood. Prepublished July 13, 2010; DOI 10.1182/blood-2010-02-258558.](#)

### Nomenclature of Blood Monocytes

<b>Human</b>	<b>Mouse</b>
Classical: CD14++CD16- monocytes	Classical: Ly6C++ CD43+ monocytes
Intermediate: CD14++CD16+ monocytes	Intermediate: Ly6C++ CD43++ monocytes
Non-Classical: CD14+CD16++ monocytes	Non-Classical: Ly6C+ CD43++ monocytes

### Nomenclature of Blood Dendritic Cells

<b>Human</b>	<b>Mouse</b>
Plasmacytoid: CD303+ blood DCs	plasmacytoid blood DCs
Myeloid: CD1c+ blood DCs	Myeloid blood DCs
Myeloid: CD141+ blood DCs	Myeloid blood DCs
