Our membership

83 national member societies, 60 000+ immunologists estimated worldwide

4 Regional Federations

14 immunology-related Nobel prize winners
Our structure

Central Office

Council

Executive Committee

General Assembly

Member National & Regional Societies

10 Committees

CIC  EDU  GEC  IEI  *ITH  PUB  QAS  NOM  VAC  VIC

18th International Congress of Immunology
August 15-20, 2022 | Cape Town, South Africa
Our vision

Immunology without Borders
Our mission

PROMOTE immunology

UNITE the global immunological community

CREATE a global network of expertise and research

EMPOWER members to make significant differences

IDENTIFY and address inequalities

RAISE AWARENESS of key issues in immunology

CONTRIBUTE to global health
Our objectives

**ENCOURAGE** co-operation in the field of immunology – through our website, membership services, communication network, grants & awards

**ORGANIZE** international education in immunology through congresses, regional conferences & topical workshops

**CONTRIBUTE** to the advancement of immunological science through our journal, whitepapers, external relations and public awareness campaigns
Our Goals for 2019-2022

PROMOTE GENDER equity; Committees, Conferences, Scientific Outputs

BUILDING IMMUNOLOGISTS courses and workshops; FAIS Legacy Project

RESOURCES classifications, standardization, nomenclature and toolkits

ADVOCACY responding to global issues

OFFICIAL IUIS JOURNAL depending and strengthening the relationship with Frontiers in Immunology
Executive Committee 2019-2022

Faith Osier
President - Kenya

Miriam Merad
Vice President - United States

Roslyn Kemp
Secretary General - New Zealand

Michael Ratcliffe
Treasurer - Canada

Alberto Mantovani
Past President - Italy
Our 10 Committees

- Clinical Immunology (CIC)
- Education (EDU)
- Gender Equality and Career Development (GEC)
- Inborn Errors of Immunity (IEI)
- Nomenclature (NOM)
- Publications (PUB)
- Quality Assessment and Standardization (QAS)
- Vaccine (VAC)
- Veterinary Immunology (VIC)
- *Immunotherapy (ITH)

Based in Berlin, Germany the group is tasked with the strategic development of IUIS:

1. Day to Day Office Management & Administration
2. Community & Membership Engagement
3. Non-Dues Revenue Generation
4. Internal & External Communication
5. Consultancy
The official journal of the IUIS – an online, open access publication

- 4,853 on board editors
- 10,418 articles currently online
- 20 sections
- 139 specialist Research Topics online

Current impact factor is **4.716** as of 2019

Frontiers in Immunology is the **#1 most cited** and the **#1 largest open-access journal in Immunology**, and the **#5 most cited publisher** among the 20 largest publishers in 2019.
Immunopaedia is a non-profit educational website which aims to promote cutting edge knowledge and research in basic and clinical immunology worldwide.

It provides a broad resource of immunological knowledge and clinical studies, covering the entire immune system, its function and how it is interrupted during disease.

Immunopaedia was awarded the Science Prize for Online Resources in Education (SPORE) in 2010. This was a first for a South African online initiative.
New official website of the IUIS

International Union of Immunological Societies

The International Union of Immunological Societies (IUIS) is an umbrella organization for many of the regional and national societies of immunology throughout the world.
