At the next committee’s meeting a new vice-chair/chair will be appointed.
CIC Goals & Objectives

- To continue IUIS-regional training workshops in Africa (FAIS), Latin America (ALAI), Asia-Oceania (FIMSA), and Europe (EFIS), in part in joint activity with EDU.

- To arrange training courses for basic and clinical as well as corporate scientists at regional and international IUIS meetings.

- To support the FAIS legacy project.

- To also put information into Immunopedia as a training tool also for clinical immunology.
CIC Membership

Current CIC Committee members: 9

Gender and geographical balance: 1 female, 8 male
Latin America (ALAI): none
Africa (FAIS): 2
Asia-Oceania (FIMSA): 3
Europe (EFIS): 3
US/Canada: 1

Upcoming leadership rotation:

• Vice-chair/chair should be appointed in Beijing
• RES will be ready to serve for a transition period if wished until 01/2022 or shorter

New Members (FEMALES) are needed/Regional societies do not respond

“Immunodeficiency and Autoimmunity” Course, Teheran, Iran, February 26-27, 2020

IUIS-FAIS Immuno-North Africa, Algier, Algeria, June 24-28, 2020
CIC Opportunities and Challenges

Opportunities:

• To find funding and support the FAIS legacy project
• Continue with courses in the African Immunology School
• Help to develop immunology in the FIMSA region, particularly Iran
• To support Faith Ossier for recruiting and training African clinicians by the Else-Kröner-Fresenius funding

Challenges:

• Recruit active colleagues from the regional societies for the Clinical Immunology Committee, also a new chair of the committee
• Help to establish immunology as a subspecialization in more regions then North America and Europe
