

IUIS-FAIS-SAI-AAA Immuno-Algeria 2020

Challenge of Allergy in the molecular era

Dates : 24th-28th June 2020

Location : El-Aurassi Hotel, Algiers, Algeria

In the last two decades we have witnessed a dramatic increase in allergic diseases worldwide, presenting a challenge for societies.

This course will be facilitated by an experienced international faculty. Lectures, discussions and presentations will focus on the immunology, clinical aspects, new biological diagnosis methods and the future of immunotherapy for allergic diseases.

Accommodation and meals will be covered.

Travel fellowships will be offered to the best applicants from outside Algeria.

All participants will have free access to **compulsory** online learning material **6 weeks** before the course, via **Immunopaedia**.

Requirements to apply:

This 5-day course is open to MSc and PhD students, post-doctoral fellows, physicians, and scientists in the early stages of their careers, who have demonstrated an interest in the research or applied aspects of allergic diseases. Applicants will mostly be from Africa.

To apply please visit:

<https://www.immunopaedia.org.za/course-registrations/immuno-algeria-2020>

and follow instructions carefully

Deadline for application: 28th February 2020

*Selected participants must agree to pay a registration fee of 50 Euros for non-Algerians and 6500 DA for Algerians.
