CITY WHARF NEWSLETTER

ISSUE NO.1

ANDERSTON QUAY, GLASGOW

AUGUST 2024

PROJECT UPDATE

Welcome to the first edition of our neighbourhood newsletter for City Wharf. The purpose of the newsletter is to keep you informed of key milestones on site and hopefully answer any questions you may have.

About Phase I

When completed in August 2026, Phase I will provide 491 new student beds accommodation, cycle spaces, car parking, residents' lounge, homeworking / study spaces and recreational areas with extensive planting and landscaping.

When will construction start?

Pre-construction and enabling works are currently underway and we anticipate that the piling works will begin this summer.

How will we keep you updated?

Regular newsletters will be issued, these will be made available on the site noticeboard and the website. To sign up to the mailing list visit www.citywharfglasgow.info. A community noticeboard will be installed on the hoarding on the corner of North Street and Anderson Quay, which will also provide details of:

- The Considerate Constructors Scheme
- **Environmental initiatives:** waste management, noise & dust mitigation, and any traffic management information
- **Social & Local Value:** Information on how we are supporting local employment, local purchasing and community initiatives
- **Site team:** contact details for relevant personnel.

Dandara Living will register the site with the Considerate Constructors Scheme. You can find out more here: www.ccsscheme.org.uk

If you have questions or would like to discuss any aspect of the project, please contact us by email:
