MAY 2026

## PROJECT UPDATE

Welcome to the latest update from Renshaw's Yard. As we move into the final phases of the development, a series of planned works will take place on Furlong Road, requiring temporary traffic management to ensure everything is carried out safely and efficiently.

During the week commencing 1 June, a mobile crane will be in place to remove site cabins. This will be followed in the week commencing 8th June by a second mobile crane to remove the tower crane.

At all times, Furlong Road will remain open, with one lane accessible to residents. Traffic marshals will

be on site to assist with vehicle movements and help maintain a safe flow of traffic. There will be no road closures or diversions during these works.

Access to neighbouring properties will be maintained throughout, and residents will continue to have 24/7 access to undercroft parking, with entry and exit available at all times.

We would like to thank residents for their continued patience and understanding as we complete these final stages of the project.
