[Wool and the Gang](#) established a name for itself in 2008 through its two international founders, Lisa Sabrier and Carolyn Main. The company prides itself in creating hand-crafted knits using the finest 100% pima cotton. The construction of each piece begins in the mountainous Puno region of Peru, where Peruvian knitters create the Ready-to-Wear garments with great attention and detail. For the upcoming Spring/Summer 2012 collection, Wool and the Gang is introducing men's accessories such as ties and hats. These men's accessories are perfect because the pima cotton creates a breathable soft texture that can get any guy through the hottest summer day while maintaining a cool and comfortable appearance. The knits come in a variety of colors and will be available online starting May 15th and will be available at the Surf Bazaar at the Surf Lodge in Montauk, NY. The slip knot tie will retail for \$110 and the Stones hat is priced at \$85.
