## Knit Picking

**WHAT:** Wool and the Gang Trophy Headbands Kit in Margaux Red/Midnight Blue

**WHY:** Has knitting occupied a semi-permanent spot on your to-do lists since, well, forever? Stop procrastinating, *chen!* No classes or hitting up grandma for pointers via phone necessary. Pick up this kit from the creative DIY crew at Wool and the Gang to turn out a bevy of cozy, chunky knit headbands in shades of maroon and navy for you and a few friends. If you're even mildly adept at knocking needles and such, you'll have some chic ear dethawing accoutrements before winter's end. And if the learning curve is a bit slower, it's still an awesome excuse for a bit of adult arts and crafts time. What could be better?!
