Wool And The Gang

Posted by Daniel Dunt on May 27, 2011 at 2:49am

[View Blog](#)

Wool and the Gang, a ready-to-use knitting concept, was founded in 2007 and aim to bring the forgotten art of knitting to a whole new generation. Using only the finest self-sourced Peruvian yarn, their luxe knitwear line re-imagines everything from classic sweaters to contemporary wardrobe pieces in wool. Add texture to your look with their long and loose tanks, cropped sweaters and fringed vests in a chicly understated palette. See More: [Wool and the Gang - Contributor - Emi Papanikola](#)
