

Tasting Panel members needed in Essex

Are you a CAMRA member living in Essex who'd like to assist with providing tasting notes for the Good Beer Guide and nominations for Champion Beer of Britain?

The Essex Tasting Panel completes tasting cards throughout the year for beer brewed in Essex (this is done both electronically and manually) and can be completed by panel members at any time.

Once completed, they are submitted to the Panel Chair. A number of collective tastings will also be organised depending on the availability of members.

The Essex Panel is looking for new members who will need to undertake a single-session training course to familiarise themselves with the process.

We welcome anyone who's already completed this training, or has provided notes in the past to the Panel.

Interested? Please contact volunteer.services@camra.org.uk in the first instance, giving your name and membership number.
