Packing Specs

| | Pcs / Box | SF / Box | Lb / Box |
|--------------------------------|-----------|----------|----------|
| 6X6" Decos & Solids | 25 | 6.25 | 33.45 |
| 1/2" X 6" Surface Round | 50 | na | 4.85 |
| 1/2" X 6" Surface Round Corner | 50 | na | 5.39 |

Technical characteristics*

| | Result |
|---------------------------|--------------------------|
| Nominal size | 6X6" |
| Expected variation ** | +/- 2 mm |
| Thickness | 11.5 mm |
| Water absorption capacity | < 0.5% (fully vitrified) |

| | |
|--------------------------|-------------------|
| Frost resistance | Yes |
| Thermal shock resistance | Meets requirement |
| Chemical resistance | Type B min |

* Tests performed in-house following procedures per ISO-10545 standards

** Due to its handcrafted nature, the variation in size is to be expected and normal.

Provincial Series is a hand molded and hand painted ceramic tile series, fully vitrified due to its high temperature firing and special mix of clays used in its body. It's suitable for any vertical installation in commercial or residential areas, either indoors or outdoors, and also suitable for horizontal installations in residential non-flooring applications (i.e. countertops). It makes a great decorative accents in outdoor fountains, stair raisers, pools, in any weather condition. Due to its fully handcrafted nature it may present slight color and size variations that are natural to its manufacturing process.
