TYCOON

24" x 48" Rectified

12" x 24" Rectified

2" x 2" Mosaic

Additional Information: Tycoon is a rectified monocalibrated color body, glazed porcelain tile, made in the USA. It's design inspiration is taken from Portuguese Limestones quarried in Central Portugal. The limestone from this region exhibits fine grains and soft movements, similar to the Moca Cream and Moleanos that are from the region. The series is available in four neutral colors in both warm and cool tones, perfect for today's marketplace. It provides for an incredible canvas that allows expressive design to go in a variety of directions. The series is suited for both residential and commercial applications with sizes suited for both small and large projects alike. The design faces for each format are as follows: 12x24 (30), 24x48 (10). Tycoon also exceeds the ADA recommendation for slip resistance with a DCOF rating > 0.42.
