Span<sup>HDP</sup> is designed after a single large piece of deep blue shellstone. Harvested from a quarry in Belgium, the deep blue color tone with large fossilized sediment is a classic that has been a staple in floor design all over the world. Refined and durable, Span<sup>HDP</sup> is specially treated with Microban® antimicrobial protection that is incorporated into the tile surface. Microban® works continuously, inhibiting the growth of bacteria, improving visible cleanliness, and reducing odors—an amazing tool in the hands of architects and designers looking to develop exceptional environments with high performance in regards to hygiene and ease of maintenance.

Recreating a level of natural beauty and elegance that few surfaces can match, Span<sup>HDP</sup> is available in four colors: Snow- a light, off white; Cream-a medium toned tan; Silver- a light gray; and Baltic- a dark slate gray. Two contemporary large formats, 12x24 and 24x24 featuring rectified edges, will beautifully compliment any décor. For exteriors Span<sup>HDP</sup> is offered as a pressed 12x24 tile with a flamed texture available in Snow and Silver colors. And two mosaic tile choices: a 12x24 random sized pattern tile and a 12x12 basket weave pattern, compliment the line.

Manufactured using advanced HDP—High Definition Porcelain® printing technology and with the technical performance of porcelain, Span<sup>HDP</sup> is appropriate for all applications in both residential and commercial settings. It is entirely made in the USA (at the Florida Tile Green Squared certified advanced manufacturing center in Lawrenceburg, KY) of 40% pre-consumer recycled content, meets the DCOF AcuTest requirements to be installed in wet areas and is GREENGUARD® and Porcelain Tile certified.

### Typical Uses

Span<sup>HDP</sup> color body porcelain floor and wall tile is appropriate for all residential and commercial wall, countertop and backsplash applications, all residential and most commercial floor applications.

This collection features patented Microban® technology that consists of treating the ceramic material with a formulated antimicrobial additive capable of expressing high antimicrobial efficacy using established international laboratory protocols.

Notice: Not all flooring products are suitable for wet areas, specialized applications or commercial use. Please refer to the American National Standard Specifications for Ceramic Tile (ANSI A137.1) for ceramic, stone and glass installation for specific usage and installation information.

This Florida Tile product will contribute to USGBC LEED points and the ANSI approved NAHB Green Building Points.

Properties (Floor)	ASTM	ANSI	Results <sup>1</sup>
DCOF AcuTest <sup>2</sup>	A137.1	≥0.42	Pass
Visible Abrasion Resistance	C-1027	As Reported <sup>3</sup>	Class IV
Glaze Hardness	Mohs Scale	N/A	7 Mohs
Break Strength	C-648	250 lbf.	Pass
Water Absorption	C-373	<0.5%	<0.5%

<sup>1</sup> These tests are performed by a 3rd party testing lab using industry standard equipment and techniques. Values are offered in good faith as being accurate and typical of normal production. Due to the natural variation of raw materials and manufacturing processes, the values of the purchased product for any particular installation may vary.

<sup>2</sup> ANSI A137.1 standard, ceramic tiles selected for level interior spaces expected to be walked upon when wet must have a minimum wet DCOF AcuTest value of 0.42.

<sup>3</sup> Class 0 Not recommended for floors, Class I Light Residential, Class II Residential, Class III Heavy Residential or Light Commercial, Class IV Commercial, Class V Heavy Commercial.

Field Tile Nominal Size <sup>1</sup>	Metric (cm)	Pcs./Sq Ft <sup>2</sup>	Thickness <sup>3</sup>
12" x 24"	30 x 60	.5	10mm
12" x 24" textured finish	30 x 60	.5	9mm
24" x 24"	60 x 60	.25	10mm

<sup>1</sup> These values may vary from lot to lot.

<sup>2</sup> These values are based on actual sizes including the grout joint.

<sup>3</sup> May not apply to textured surfaces or tiles with uneven back patterns.

Trim	Shape	SKU	Nominal Size	Metric (cm)
Bullnose		P43C9	3" x 12"	7.5 x 30

### Color Variations

Color reproductions in this printed piece may vary from actual tile colors. Final selection should be made from actual tile samples.

#### V2 = Slight Variation

Clearly distinguishable differences in texture and/or pattern with similar colors.
