

HYDROFIX

9"x60" | RIGID CORE HYBRID

QUALIS  CERAMICA

ADVANCED RIGID CORE TECHNOLOGY

New 7 layer construction

Heat-infused construction for superior stability. Thinner, more rigid planks.

COMFORT UNDERFOOT

Integrated acoustic layer for warmth, softness, and sound absorption.

100% WATERPROOF

& highly durable

Ideal for moisture-prone areas. Installs over most hard surfaces without telegraphing.

ECO-CONSCIOUS AND SAFE

Free from plasticizers, phthalates, and formaldehyde.

DURABLE BY DESIGN

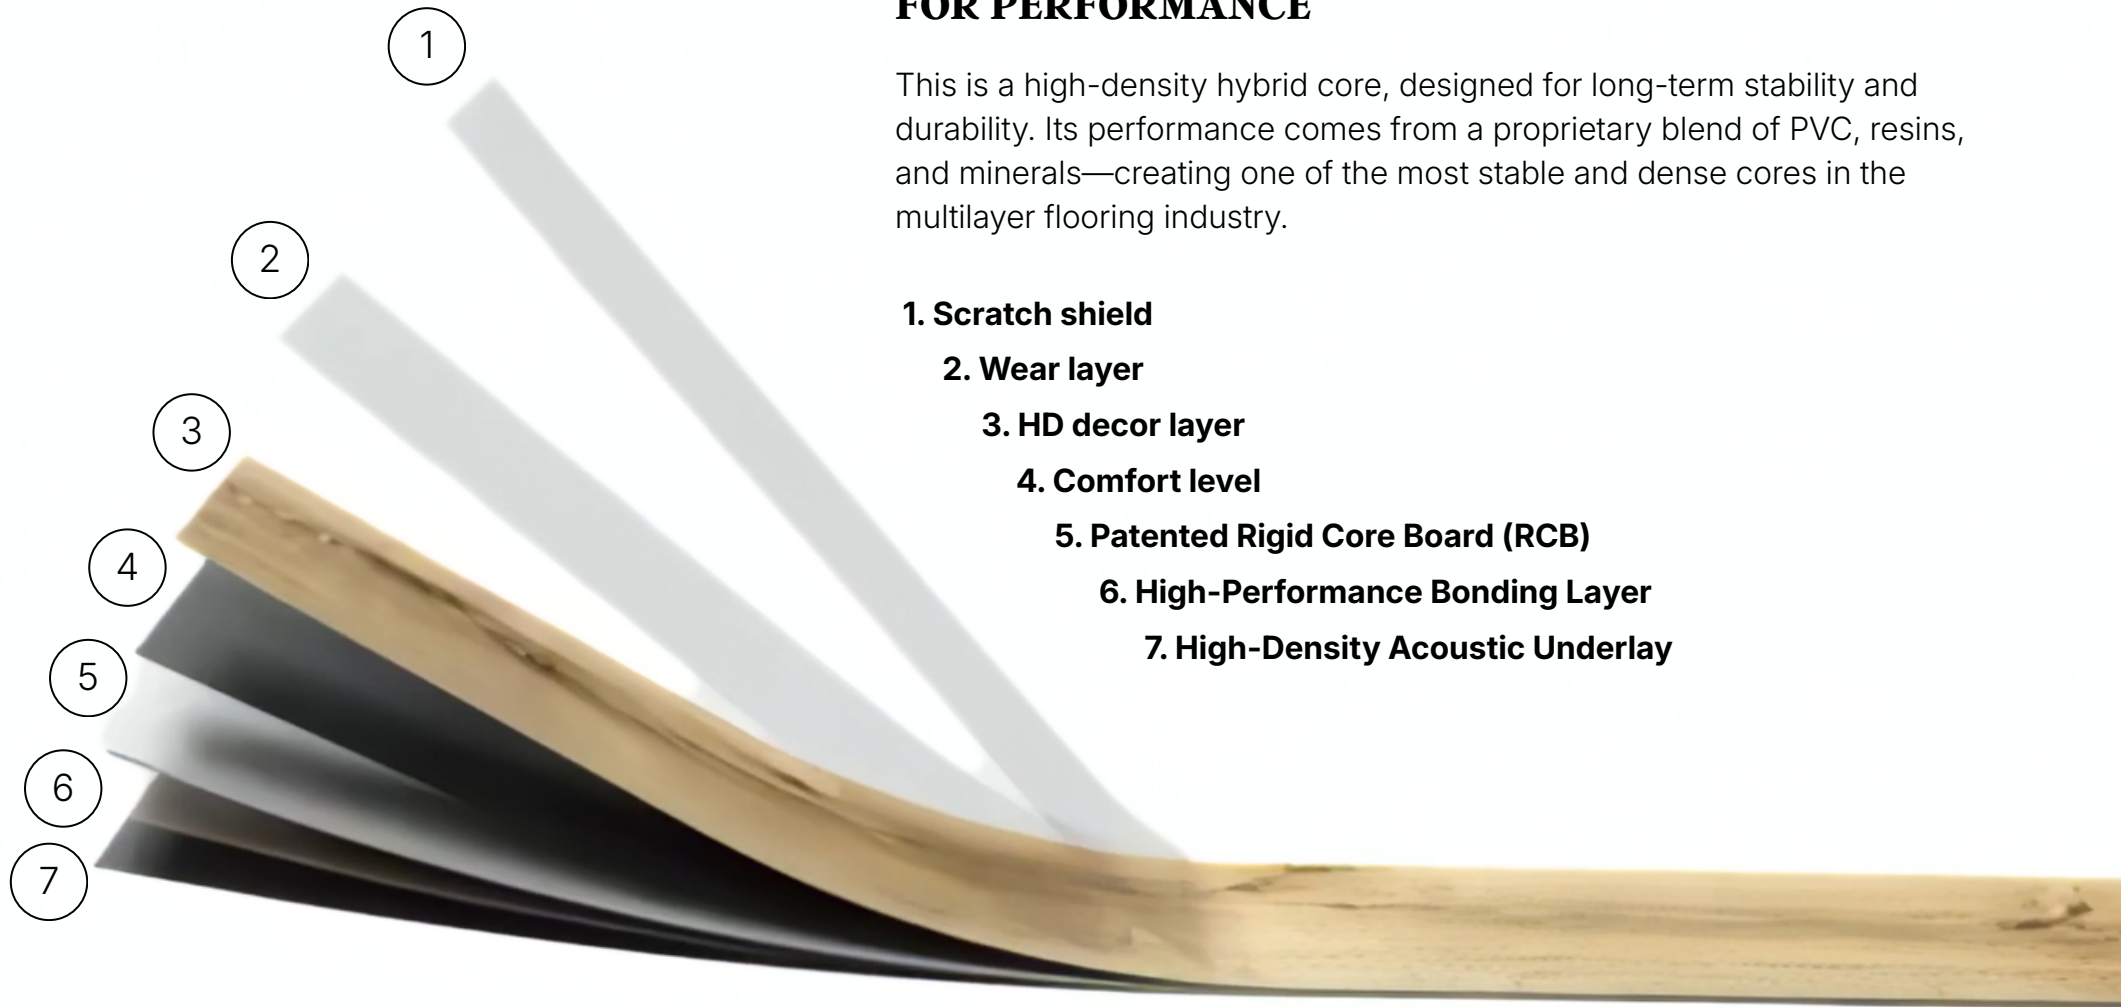

Built for heavy traffic, rolling loads, and in-floor heating, Hydrofix also offers superior scratch resistance with the natural look of real wood and easy maintenance.

COMFORT CORE

**7 LAYER CONSTRUCTION ENGINEERED
FOR PERFORMANCE**

This is a high-density hybrid core, designed for long-term stability and durability. Its performance comes from a proprietary blend of PVC, resins, and minerals—creating one of the most stable and dense cores in the multilayer flooring industry.
