ACADEMIC HEALTH SCIENCE NETWORK

Our new Digital Accelerator

What is Propel@YH?

- Propel@YH is the first digital accelerator programme in the region
- Commissioned by us and delivered by our partners mHabitat
- Will provide innovative companies with structured support

Why Propel@YH?

- Getting innovations in front of NHS commissioners is not easy
- Great ideas also need great evidence and business cases
- Role of AHSN is to lead spread and adoption of innovation

The process so far

Propel@YH was launched in
January 2019

Applications closed at the end
of February

In March we announced the 14
companies shortlisted

In mid-April the 14 companies
took part in an assessment day

Today we're proud to announce
the names of the six companies
that will form the first
Propel@YH cohort

Time to hear from our innovators

YORKSHIRE & HUMBER
ACADEMIC HEALTH SCIENCE NETWORK

The background is a solid teal color. Overlaid on this are several thick, white, hand-drawn style lines that form a complex, abstract pattern of overlapping loops and curves, resembling a stylized globe or a network diagram.

The final six are:

The 2019 Propel@YH cohort

Digibete		Medicspot	
Heterogenius		Scaled Insights	
Medicsen		SmartER (Healthcare Engineering)	

What happens now?

These six companies will get a tailored package of support to help them present an effective business case to the NHS
